Mission

The Mission of Northlands College is to provide quality education and training programs that will meet the development and employment needs of Northerners, enhance social and economic development, and prepare Northerners to participate in the labour market.

Philosophy

Northlands College believes:

- Learning is a life-long process and there is potential for all individuals to grow and to change at all stages of their lives.
- Northern residents should have opportunities for personal growth, and for participation in the social and economic development of the province, particularly in the North.
- Adults have rights and responsibilities for their own education: what to learn; how to learn; when to learn; where to learn.
- Adult training and education improves the quality of life by enhancing employability, increasing educational levels, and providing opportunities for enhanced personal and professional development.
- Adult training and education develops healthy communities as well as healthy individuals.
- Adult training and education agencies should be accessible, accountable, and responsive to the communities served.
- A co-operative, collaborative approach among agencies involved with education and services will increase
 efficiency and effectiveness and enhance benefits for all.
- Collaboration and partnership with business and industry increases quantity and quality of training opportunities, maximizes available resources, enhances skill transfer and improves opportunities for employment.

Principles

Northlands College adheres to the following guiding principles:

- Accessibility: Increase access to a broad range of programs and services by focusing on improved extension
 and decentralization of programs and services, expanded partnerships, program development, use of
 technology, collaboration, coordination and enhanced counseling support.
- Responsiveness, Relevance and Community Involvement: Promote responsiveness to the needs of the North through the development of effective partnerships with local and Aboriginal governments, funding agencies, business and industry, K-12 school systems, and other stakeholders in the planning and development of relevant training, education and career opportunities.
- Quality: Maintain and enhance the quality of adult training and education in order to improve the quality of
 life, to ensure portability of skills and to better position northerners to compete in the labour market.
- Accountability: Improve accountability to the public for use of resources and achievement of outcomes in college programs and services.
- Optimizing Resources: Optimize the use of available resources in order to maximize opportunities for learners.
- **Mobility:** Provide education and training which enables learners to achieve upward and lateral mobility between provincial programs and institutions and within the national and international context.
- Equity: Adopt inclusive approaches to achieve equitable opportunity and success.
- Public Image: Enhance the College's profile and reputation through the promotion of college programs, services and achievements.

Letter of Transmittal

20 December 2012

Honorable Don Morgan, Minister Advanced Education Room 301, Legislative Building 2405 Legislative Drive Regina, SK S4S 0B3

Dear Minister Morgan,

On behalf of the Board of Directors and in accordance with the regulations under the Regional Colleges Act of the Province of Saskatchewan, I am pleased to submit the Annual Report of Northlands College for the fiscal year ended June 30, 2012.

Sincerely

Glenn Lafleur Board Chairperson

Board Report

Angus McKay Interim Board Chair January 19, 2012 - June 30, 2012

Brian Chaboyer Board Chair July 1, 2011 – January 16, 2012

On behalf of the Board of Directors of Northlands College it brings me great pride to present to you the Annual Report for 2011-2012. The Annual Report illustrates the extent to which the College has achieved its goals, objectives and targets for the reporting year and the progress made in relation to the overall strategic plan. As has always been the case, most of what the college is able to accomplish is dependent upon a broad range of partnerships and inter-relationships with industry, communities, first nation and Metis organizations, other agencies and government. Once again the partnership base remains strong and contributed significantly to the College's ability to accomplish what it set out to do in 2011-12. The Board commends the staff and thanks the partners for the joint efforts in ensuring that Northlands College continues to provide programs and services that meet the needs of the labor market in the region, and most importantly, meets the needs, and fuels the aspirations of the people of Northern Saskatchewan.

The Board held nine regular meetings and an annual general meeting during the 2011-2012 fiscal year. In addition to the board meetings, the Board also attended various functions including scholarship award events, graduation ceremonies, staff in-service, program planning consultations, and participated, through appointed representation on

the Scholarship Committee and Policy Council. The Board also undertook regular policy review and development.

This past year was a year of significant change for Northlands College. After 18 years in the position of Chief Executive Officer, Bill McLaughlin retired. The Board wishes Bill well and thanks him for his many years of dedicated service to the College, and to the people of the North. In addition, the long serving Director of Finance and Administration, Gail Walker, also retired.

As a result, the biggest task of Board this past year was the recruitment of a new President and Chief Executive Officer. The Board secured the services of a consulting firm to carry out a very comprehensive and in-depth search process that started in September and ended in March, with the appointment of Kelvin (Toby) Greschner as our new President and Chief Executive Officer. We are pleased to have Toby join the College and look forward to his leadership over the years to come.

In May of this past year, the Ministry of Advanced Education contracted Brown Governance Incorporated to undertake a current state inventory of accountability and governance policies and practices for each of the post-secondary institutions that receive provincial funding. The process consisted on an extensive review of all of our board policies and procedures. I am pleased to report that the review of Northlands College's policies and procedures was very good and it showed that the Board carries out its responsibilities in a very effective, efficient and responsible manner.

In terms of board composition, there were three vacancies as of June 30, 2012. Once again the Athabasca seat remained vacant for the entire year, clearly showing the difficulty in recruiting representation from that region. Further, in January, long serving Chair, Brian Chaboyer resigned, after remaining in the Chairperson role well beyond his term. The vice-chairperson assumed the role and as of June 30, 2012, remained in that role.

Overall, 2011-2012 was a year of change for Northlands College. The Board did an exceptional job in guiding this change. They carried out the tasks required of them in a very professional and efficient manner and always with the best interest of the people of Northern Saskatchewan being front and center. Northlands College continues to be a strong institution poised to grow and improve the quality of life for many northern people.

Chief Executive Officer Report

Kelvin (Toby) Greschner President and CEO

Northlands College has long prided itself on meeting the needs of the North, whether those are the needs of the thriving mining sector, the rapidly growing health sector, or the ever-expanding service industry. Most importantly however, is that the needs of the labour market, in a rapidly growing economy such as that in Northern Saskatchewan, are allowing Northerners the opportunity to achieve their aspirations by playing a significant role in that economic growth. Northlands College plays a key role in this process by being the primary provider of a wide range of education and training programs to prepare Northerners to take their rightful place in the development of Saskatchewan's north.

Bill McLaughlin President and CEO Retired April 30, 2012

This past year once again demonstrated the significant role that Northlands College plays in readying northerners to participate in the workforce. We are fortunate in that we enjoy a very productive relationship with our industry partners and funding agencies. This is exemplified in the mining sector by the "Multi-Party Training Plan for the Mineral Sector", an agreement now in its fourth iteration, has been in place since 1993. This agreement supported Northlands College delivered programs such as the Underground Mining Program, the Mining Technician Program, the Environmental Monitoring and Protection Program, the Introduction to Underground Mining and Ventilation Program and Diamond Drillers Helper

Program. Additional mining and resource related programs the College offered included Heavy Equipment Operator training, Oilfield and Mine Site Preparation, and Truck Driver Training. In addition, many work readiness programs such as safety training and WHMIS were also offered. In the area of trades training, the Women in Industrial Trades Program has opened the door for many northern women to pursue a career in the world of trades. In addition, carpentry and electrical programs were also offered.

Northlands College has played a significant role in the development of health sector related training in the north, and will continue to do so. The Health Careers Access Program, offered in the three college regions, readies students for entry into programs in the health field. This past year saw the completion of Year One of the Registered Nurse Degree Program, made possible by a partnership with the University of Saskatchewan. The Licensed Practical Nurse Program, both in "face-to-face" and "distance" delivery mode was once again offered. The Mental Health and Addictions Preparation course was also offered to many students around the north by using a distance delivery model.

Northlands College continues to offer a full range of adult basic education courses, in many locations across the north. The need in this area is great and the college will be looking at a number of options to further meet that need. We believe that any person in the north who wants to improve upon their basic education skills should have the opportunity, in one form or another, to do so. In the years to come we will work hard to achieve that goal.

Finally, our University program has seen dramatic growth over the last year as more northerners are taking the opportunity to pursue their university ambitions at home. Not only are Northlands College students able to select form a myriad of courses offered by the University of Saskatchewan, University of Region or others, they are now able to complete an Arts, Social Work, and now Nursing Degree, entirely in the north. We anticipate that this demand will continue to grow and we are pursuing avenues to have more courses offered in the North. Further, Northlands College continues to play a role in the University of the Arctic. By participating in this international consortium of higher learning institutions from around the circumpolar region, our students are exposed to issues and opportunities from around the globe, giving them the opportunities to not only be successful in northern Saskatchewan, but also around the world.

Northlands College has once again had a successful year; however, this institution will not rest on its laurels. Plans are underway to expand the opportunities that we can offer. Northern Saskatchewan is rich in its resources, strong in its culture, vibrant in its people, beautiful in its nature, and unlimited in its potential. Northlands College is here to tap that potential and help build the future.

Kelvin (Toby) Greschner President & Chief Executive Officer Northlands College.

Programs and Services Summary

Overview

Compared to the previous year, enrolment levels increased in 2011-2012 by 11.8 full load equivalents (FLEs). University Programs FLEs doubled due to the fulltime enrollment in Pre-professional Nursing. Adult Basic Education also increased and Skill training decreased in FLEs.

Northlands College's tradition of partnerships resulted in revenue from partnership and tuition funding 44% of Skill Training programs. Partnership with Northern Career Quest resulted in eight programs with 119 seats and a contribution of \$491,000. The Mineral Sector Multi-Party Training Plan (MPTP) sponsored the Mineral Sector Professional Degree Scholarship with a contribution of \$170,000 and sponsored another 161 seats in four programs. First Nations as signatory to sectors agreements and a significant partner resulted in contributions of \$1.48 million with 201 seats.

Outcomes

Forty-six Adult Basic Education (ABE) programs were delivered in 18 communities and three mine sites (Appendix A) totaling 867 distinct enrolments (Table 4). Analysis of the Adult Basic Education statistics reveals that 57% of participants completed or graduated from ABE programs with 89% of participants declaring to be of Aboriginal ancestry. The number of programs between credit and non-credit programs fluctuates year-to-year, this year non-credit ABE programming increased by two and ABE credit programs increased by one. The College does not have the financial resources to offer all programs in every community therefore the delivery of programs may follow a rotation of Developmental Studies Phase I and II, ABE Level 3 (Adult 10), and Level 4 (Adult 12) in communities without a main campus.

Adult Basic Education credit program enrolments decreased to 279 participants (Table 4), with 98 completing and another 53 graduating (Table 6). Of those students who were contacted for follow-up 14 proceeded to employment and 73 went on to further training (Table 6).

In thirty Adult Basic Education non-credit programs, (including literacy) enrolment totaled 588 (Table 4) with 343 participants completing (Table 6). Follow-up results of contacted students (not including literacy of 193) showed that 17 had gained employment and 24 proceeded on to further training (Table 6).

Key initiatives in Adult Basic Education and Literacy included four programs funded by ABE on-reserve providing access to 112 seats. Partnership continued with Northern Lights School Division Edcentre.ca providing increased access for 31 students and 16 previous graduates upgrading or accessing new courses. The Online GED and Literacy programs provided an increase in access for 51 adult students pursuing their learning goals.

Skills Training

Northlands College delivered 51 Skills Training programs in 13 communities and one mine site, this was a decrease of 17 programs with a corresponding decrease in enrolment of 254 participants. Skills Training programs had a total enrolment of 557 participants (Table 4) of which 494 (89%, Table 7) declared Aboriginal ancestry. Overall, the completion/graduation rate for Skills Training was 86%.

The Women and Industrial Trades Program demonstrates the cornerstone of Northlands College's philosophy of partnerships to prepare northerners for employment. The Women in Industrial Trades Program was originally developed through collaboration with the Director of Education of the Ile a la Crosse School Division. Northlands College brokered the program curriculum from SIIT. Through a formal agreement, the program was purchased and subsequently delivered in Ile a la Crosse. The program was specifically designed to assist women who want to develop the basic skills necessary for entry-level work in construction. The main focus of the program is hands-on skill development. Courses include: construction academics, site safety, use of hand tools and construction basics. Participants also had the opportunity to develop an understanding of the occupation areas involved in trades such as carpentry, electrical, plumbing, painting, drywall application and roofing.

Safety tickets were also included in the program; WHIMIS, TDG, First Aide/CPR, confined space. PLATO was included for the purpose of remedial work in academics. The classroom was equipped with six computers in order to provide access to the internet and access to online learning tools such as PLATO. The majority share of funding support for the delivery of the program was through Northern Career Quest, student financial support was through sponsorship from CanSask and Gabriel Dumont Training and Employment. The Ile a la Crosse School Division #112 contributed in-kind to the program.

Students in the program constructed a variety of wood and metal projects that they later took home. Some of these projects included captain's beds, picnic tables, bird houses, metal art designs, Christmas ornaments made of metal for the community power poles, book shelves, tool boxes, bar stools and dressers.

The children of these women who were the beneficiaries of the projects were extremely proud of their moms for building these items for them. In the spring of 2012 the women registered in the program assisted in the construction of a cultural center for the high school. The building was built outside of the community in a secluded area of the forest where students will be able to go to spend the day learning about the outdoors. The women were very proud to contribute toward such a major and important project.

During the winter of 2011 the Northern Health Strategy (NHS) went to various communities in the north to talk about what an "ideal learning community" would look like. The Women in Industrial Trades Program became an example of what a community can do to support an educational program. The following community organizations supported the program in one way or another: Ile a la Crosse Friendship Centre, Sakitawak Development Corporation (SDC), the Northern Village of Ile a la Crosse, and the Ministry of Environment Forestry Protection Services.

The goal of the program has been to provide women taking the training with the skills necessary to be able to pursue apprenticeship training and to find employment and/or become empowered through their training to put their new skills to use.

The program saw 8 female students successfully complete the program, 4 have gone on to take the applied certificate welding program currently being delivered in the community.

University

Northlands College is an official off-campus Arts and Sciences site, offering courses from the University of Saskatchewan, University of Regina and University of the Arctic. University access through Northlands College is coordinated out of La Ronge with full-time student programs in Buffalo Narrows, Creighton, Ile a la Crosse and La Ronge. In 2011-2012 the pre-professional year of nursing increased full-time enrolments by 53 students and part-time reduced by 30 students.

Videoconference equipment is used almost daily to offer university courses and tutorials. Students, staff and instructors enjoy using the technology. It has become a very popular mode of distributed learning. Instructors, after their first encounter teaching through this mode, are now championing the viability and encouraging an increased number of courses.

Northlands College continues its model of "Supportive Program Approach" in each of the three program centres: Buffalo Narrows, Creighton and La Ronge and in 2011-2012 Ile a la Crosse was added. Full-time distance education tutors support student in a learning centre environment.

University highlights include:

- The ability to complete the entire Bachelor of Arts, Northern Studies degree in all three centres; Buffalo Narrows, Creighton and La Ronge. The degree's additional focus with an advanced emphasis in Aboriginal Public Administration directly ties the students' skills to thee northern labor market needs. The University of Saskatchewan, University of the Arctic and Northlands College have partnered to present this opportunity.
- The Social Work Degree continues to attract new applicants each year. The popularity of this program speaks to the employment potential in the north. The first graduates are expected in 2013.
- Northlands College, Cumberland College, North West Regional College, and Prince Albert site partner to present Social Work courses by videoconference. Locations included Beauval, Buffalo Narrows, Creighton, La Ronge, Meadow Lake, Melfort, Nipawin, North Battleford, Prince Albert and Tisdale. We now have two courses each semester by this mode.
- There are presently seven students in the University of Regina's Northern Local Government Authority (LGA) certificate program. They form part of our university student body of distance learners.
- Northlands College, University of Saskatchewan and Saskatchewan Advanced Education continued to partner to present SOS: Surviving Off-Campus Studies. This series of study skills workshops was presented weekly in the fall and rebroadcast in the winter. Marilyn Iwasyk, Distance Education Tutor, used videoconferencing to link from Creighton to Regina for live broadcasts through the LIVE televised network. Telecasts were then archived through video streaming and made available through the internet from the e-cast site.
- We participated in supporting two students in their Master's program. An entire Master's in Northern Governance and Development is now available to our students.

Services and Learner Support

The counselors and student advisors are involved in implementing the Basic Education Assessment Model, which is incorporated into the counseling process, student selections and student centered team meetings. In addition, Student Services provide services in orientation, career planning workshops, financial counseling, referral to specialized services and academic assessment.

The PLATO resource instructor offered PLATO and ESPORT training to instructors to offer a solution for Workplace Essential Skills. ESPORT is a career tool that results in providing a portfolio and an analysis of workplace essential skills required for your career choice. PLATO provides a venue to improve six workplace essential skills.

The following table provides a comparative overview of programming and student enrolment levels.

Table 1:				
Comparative Program Activity Levels				
	2010	-2011	2011	-2012
	Programs	Enrolment	Programs	Enrolment
Skills Credit	52	570	45	525
Skills Non-Credit	16	241	6	32
Adult Basic Education Credit	17	344	16	279
Adult Basic Education Non-Credit	28	448	30	588
University	4	122	4	145
Total	117	1725	101	1569

Table 2: Student Completion Rates					
Year	Programs	Enrolments	Completion Rate		
2011-2012	101	1633	71%		
2010-2011	117	1725	77%		
2009-2010	128	1711	76%		
2008-2009	107	1413	77%		
2007-2008	117	1568	72%		

Northlands College

Success Stories

"I came to Creighton to finish my GED Grade 12, stayed to do the Health Careers Access Program, and followed up with the Health Care Aide program. I had fabulous instructors who bent over backwards to help me. I'm very grateful to Northlands College for giving me these opportunities. I am seriously considering continuing into a two-year Licensed Practical Nurse Program. "

- James Fiddler, Cumberland House

"Northlands College allowed me to complete my Bachelor of Arts in Northern Studies/Aboriginal Public Administration without ever leaving home. Northlands College is a great place to get your degree! They have the best support staff you could ask for. I'm proud to say I'm now working for the College in the University Department."

- Melissa Laliberte, Buffalo Narrows

After graduating from the Office Education program at Northlands College, I was hired by Northern Lights School Division which is where I had done my high school work placement. I answer the phone, act as receptionist, and do many other things around the office. I liked the College course a lot, and it helped me gain meaningful employment."

- Norman Halkett, La Ronge

Goals

The following chart provides a summary of the College's achievements in relation to its goals and objectives, and proposed key actions.

Goal 1

Develop a skilled northern workforce to meet local, regional and provincial labour market needs.

- 1. Ensure, where appropriate, that programs and services meet provincial and national standards.
- 2. Establish a direct link between training and employment through strategic partnerships with employers.
- 3. Deliver skills training programs at a local and regional level in response to local employers, northern industry and economic trends.
- 4. Maintain a balance between education and training for short-term and long-term labour market needs.
- 5. Expand the availability of technical and skills training opportunities through the maximization of brokerage agreements with SIAST and, where applicable, with other institutions; expanded partnerships with industry; the pursuit of certification the use of technology.
- 6. Expand options for work-based training, including apprenticeship and cooperative education.
- 7. Improve the participation of under-represented groups to enhance their employability and to contribute to a representative workforce.

Key Actions	Timeframe	Response
Serve on the board of Northern Career Quest Inc. and deliver training to fulfill the requirements of the ASEP proposal (1400 training opportunities/700 jobs)	2008-2012	CEO represents Northlands College on the NCQ board. The Northern Career Quest was completed March 2012 and continued with wrap up activities until the end of June 2012. Final outcomes were 1800 Aboriginal people trained with 1400 accessing jobs. The key to success was employer driven training with a commit to 50% employment of the trainees.
Co-chair the Health Sector Training Sub-Committee of the Northern Labour Market Committee with the purpose of implementing a long-term training strategy to address the labour market requirements of the northern health sector. Develop a multi-party training agreement involving health authorities, Northlands College, northern funding agencies, federal and provincial government ministries and departments to address immediate and long-term human resource needs in the northern health sector.	Ongoing	 The Northern Health Sector Training Committee accomplished the following in 2011-12: Contracted LTSC Consultants to update the Northern Health Districts and Northern First Nation Health communities' Labour market needs. The Report was released June of 2012. Procured \$1.65M from Sask Health, Northlands College, Northern Inter-Tribal Authority (Health Canada AHHRI funding) and Advanced Education. Delivered through Northlands College Practical Nursing Preparation for the Distance Practical Nursing Program, Practical Nursing Programs by Distance and face to face La Ronge, Three Health Career Access Programs, Pre-professional year for Degree Nursing, and a Mental Health and Addictions Preparation Program. The Northern Health Sector Committee partners delivered training to 223 participants.

Goal 1 Continued: Develop a skilled northern workforce to meet local, regional and provincial labour market needs.

Key Actions	Timeframe	Response
Development of a training and certification strategy for Mental Health and Addictions counselors in collaboration with northern health sector employers.	2011-2012	31 participants in 22 communities enrolled in the Mental Health and Addictions prep program which will conclude in August 2012. The Mental Health and Addictions certificate program will commence in September 2012. SIAST is still in the process of completing development of the new Mental Health and Addictions Certificate which should be approved by January 2013.
Expand the delivery of apprenticeship and preemployment training in northern Saskatchewan in collaboration with the Saskatchewan Apprenticeship and Trades Certification Commission (SATCC) and the Northern Apprenticeship Committee (NAC). Provide dedicated coordination and job coach services to NAC through a joint funding arrangement with the Ministry of Advanced Education, SATCC and the Mineral Sector Steering Committee.	Ongoing	Northlands College delivered Level One Carpentry Training with a 75% completion rate in La Ronge. Northlands College continues to contract with the Northern Apprenticeship Committee to provide staff to support services for northern apprentices.
Administer MPTP IV on behalf of the Mineral Sector Steering Committee to address the immediate and long-term human resource needs of the northern mining sector	2009-2014	Northlands College provides program management for the Mineral Sector Steering Committee. Results of the MPTP scholarship recipients are four students completed year three and three students completed year two of their science degrees.
Incorporate a Workplace Essential Skills training component in skills training.	Ongoing	Our Literacy Coordinator attended a conference to learn what other colleges and industry are doing in this area. We continue to provide instructor support to utilize PLATO to meet the needs of WPES.
Deliver the second online LPN program in partnership with the Northern Inter-Tribal Health Authority, Northern Health Strategy Working Group and SIAST.	2011-2012	Seventeen students from 11 communities entered Practical Nursing Preparation with 11 continuing into the Practical Nursing program by distance mode.
Pursue alternatives to regional delivery in the absence of a training facility in the Athabasca region.	Ongoing	We were unable to recruit an instructor for the Health Career Access Program in Stony Rapids.

Maximize education and training opportunities and to develop a more intergraded, effective and sustainable delivery system through collaboration, coordination and partnerships.

- 1. Improve coordination, cooperation and joint planning among adult education and training institutions and funding agencies in order to better coordinate services and minimize duplication and overlap.
- 2. Develop partnership approaches that maximize utilization of community and industry resources to expand learning opportunities.
- 3. Develop partnerships and undertake collaborative planning with K-12 school divisions to facilitate transition from high school to post-secondary education and from post-secondary education to the workplace.
- 4. Increase access and provide a broader range of programs and services through the use of technology.

Key Actions	Timeframe	Response
Collaborate with SIIT, DTI, and northern funding agencies to coordinate program delivery and minimize duplication and overlap.	Ongoing	Held Funding Agency meetings in Oct 2011 and April 2012. Funding agencies and other institutions also attended our community planning meetings in the fall of 2011.
Maintain alternate education partnerships with DTI and the Ile a la Crosse School Division to facilitate transition from high school to post-secondary education.	Ongoing	Continued to provide support to the Storefront program in Ile a la Crosse.
On behalf of the Northern Labour Market Committee and Advanced Education, prepare the Regional Training Needs Assessment Report for northern Saskatchewan	Ongoing	Prepared and presented the Regional Training Needs Assessment Report at the Northern Labour Committee in June 2012. The report may be accessed through the NLC website.
Partner with northern school divisions and Saskatchewan Education in the delivery of pretrades programs and employment related short courses for selected high school students.	Ongoing	No action.
The college will apply technology in key areas to provide a broader range of programs and services:		Northlands College increased distance delivery by adding access and support in the community of Ile a la Crosse for the pre-professional year for nursing.
 Decentralized distance delivered university programs in Buffalo Narrows, Creighton and La Ronge. In partnership with the Northern Lights 		Forty-seven adult students accessed high-school credits through the Online High School partnership with NLSD.
School Division operate an online high- school program for youth and adults. • Deliver online learning options to expand	Ongoing	Fifty-one adults accessed online GED and Literacy support programs.
access to adult basic education opportunities, particularly literacy, Level 4 (Adult 12) and GED preparation. • Expand video-conferencing capability and		The NLC university program uses video conferencing to expand the delivery of university courses in social work and nursing.
 apply technology to enhance course delivery. Operationalize a distributed learning model for the delivery of health care training. 		The Northern Health Strategy partnership delivered Practical Nursing Preparation, Practical Nursing, and Mental Health and Addictions Preparation by distance modes.

Goal 2 Continued:

Maximize education and training opportunities and to develop a more intergraded, effective and sustainable delivery system through collaboration, coordination and partnerships.

Key Actions	Key Actions	Key Actions
Facilitate an institutional partnership involving Northlands College, Dumont Technical Institute, Saskatchewan Indian Institute of Technology, First Nations University of Canada, University of Saskatchewan, University of Regina and NORTEP in the delivery of a comprehensive, collaborative health training strategy.	Ongoing	Continue to collaborate with other institutions and agencies through the Northern Labour Market Health Sector Training Sub- Committee. With the release of the new Health Human Resource Data Report the committee held a strategic planning session in June 2012.
Partner with NORTEP on the development of enhanced university capacity in the north including associated facility requirements.	Ongoing	No action
Partner with Cumberland Regional College and North West Regional College in the delivery of University of Regina social work courses and programming through the use of videoconference technology.	Ongoing	The College partnered with Cumberland Regional College and North West Regional College in the delivery of University of Regina social work courses and programming through the use of videoconference technology.

Deliver relevant programs and services that respond to needs identified by northern stakeholders.

- 1. Establish a process for the effective input of community representatives, economic development agencies, business and industry, and funding agencies in determining training needs and priorities, based on labour market requirements.
- 2. Improve and expand the program approach to the delivery of university courses through a decentralized, multi-mode, student supported learning approach.
- 3. Improve the effectiveness of the Adult Basic Education program as a bridging program to further education and training, and/or employment.
- 4. Provide learning opportunities related to current and emerging needs such as health and social issues and the use of technology.
- 5. Strengthen the role of the college in assisting communities to build their capacity for social and economic development.

Key Actions	Timeframe	Response
Undertake a formal needs identification/program planning process involving extensive consultations and joint planning with northern communities, government departments, economic development organizations, business and industry, Aboriginal community, school divisions and other stakeholders.	Ongoing	Regional Community Program Planning meetings were held in Buffalo Narrows, La Ronge, Creighton and Stony Rapids.
Incorporate Workplace Essential Skills into ABE and Skills programs.	Ongoing	PLATO Resource instructor continues to support instructors to meet Workplace Essential Skills in programs.
 Maintain the following four University Program options: Social Work option – University of Regina Bachelor of Arts Teacher Entrance option (first two years of a Bachelor of Education) Bachelor of Arts in Northern Studies in partnership with University of the Arctic, University of Saskatchewan, and Advanced Education. 	Ongoing	 The College provided access and Distance Tutor support for 145 students in Creighton, Buffalo Narrows, La Ronge and Ile a la Crosse and enrolled in the following five University Program options: Social Work option – University of Regina- Bachelor of Arts Teacher Entrance option (first two years of a Bachelor of Education) Bachelor of Arts in Northern Studies in partnership with University of the Arctic, University of Saskatchewan, and Advanced Education. Pre professional Nursing- U of S

Goal 3 Continued

Deliver relevant programs and services that respond to needs identified by northern stakeholders.

Key Action	Timeframe	Response
Partner with International Centre for Northern Governance and Development on the delivery of a Master's program in Northern Governance and Development.	2011-2012	The college provides support to students as required and access to facilities.
Deliver a nursing degree program in partnership with the University of Saskatchewan beginning with the pre-professional year.	2011-2012	Forty seven full-time and 8 part-time students attended pre-professional nursing in Buffalo Narrows, Creighton, Ile a la Crosse, and La Ronge.
Facilitate the development and implantation of a five year training to employment strategy for the Athabasca Basin in collaboration with communities of the region and the Athabasca Enterprise Region Board of Directors	2010-2015	No Activity. Funds for the Enterprise Region Boards were eliminated in the 2012 budget.
Through membership participation on the three newly formed northern Enterprise Region Boards, implement programs in response to identified economic development initiatives.	Ongoing	Northlands College participated on the Enterprise Region Boards until funds were eliminated in the 2012 budget.

Adopt inclusive approaches to achieve equitable opportunity and success.

- 1. Provide equitable access to programs and services for all learners according to individual needs and abilities and within the capabilities of the college.
- 2. Provide bridging, transitional and support services to facilitate participation of all individuals.
- 3. Establish a climate within the college where everyone is treated with respect and encouraged to develop their full potential.
- 4. Adopt an advocacy role in addressing financial inequities, which limit access for learners.
- 5. Strive to achieve representative participation levels in college programs and in the college workforce.

Key Actions	Timeframe	Response
Maintain emphasis on Education Equity policy and regularly monitor its application.	Ongoing	An internal committee reported to the Operational Advisory Committee on Education Equity at NLC, in May of 2012.
Continue to support and resource learning strategists at the three campuses to assist students with learning challenges.	Ongoing	Learning Strategists were hired in Buffalo Narrows and La Ronge. We were unable to fill a term vacancy in Creighton.
Continue advocacy efforts in relation to student financial assistance.	Ongoing	SAO's represent regional colleges on the provincial committee. Student Services participate in student loan orientations, PTA administration and counseling.
Work with Gary Tinker Federation to provide programs and services to meet the needs of people with disabilities.	Ongoing	No action.
Maintain efforts of the Employment Equity Committee in implementing special measures to achieve a representative college workforce.	Ongoing	The Employment Equity Committee meets on a regular basis to monitor the impact of the Employment Equity Program and implement measures to increase Aboriginal representation on staff. In 2011-12 50 percent of the Northlands Workforce was of Aboriginal ancestry.
Maintain appropriate student services at all college campuses including the provision of student residences.	Ongoing	Each campus has one Counselor, the Eastern and Western regions have two student advisors, and the Central region has three. Each region has student residences available.
Incorporate academic bridging into technology related programs.	Ongoing	The College runs academic prep prior to entry in the mine related technical programs. Northlands College offers Health Careers Access programs in each region and developed an access program for the Mental Health and Addictions Counseling program.
Work with SIIT Northern Industrial Career Centre in providing job transitional support services, initiate joint transition to employment projects with local school divisions, and work with Northern Career Quest Inc. to provide transition to employment support services.	Ongoing	Northlands College is a member of the NICC advisory committee and participated on the NCQ board.

Improve accountability to the public for use of resources and achievements of outcomes in college programs and services.

- 1. Develop valid and meaningful performance indicators to measure and report on the achievement of college goals and objectives.
- 2. Undertake regular reviews of college programs and services to monitor progress in achieving objectives and improve quality.
- 3. Establish effective methods to communicate results of college programs and services to the public.
- 4. Provide for effective board governance.

Key Actions	Timeframe	Response
In keeping with the college's Program Review policy, continue regular, in-depth review of all college programs on an annual cyclical basis.	Ongoing	Completed the Developmental Studies Phase One and Two Review and presented to the Operational Advisory Committee in May 2012.
Implement a marketing and promotion strategy.	Ongoing	The marketing committee implements an annual work plan focused on increasing public awareness.
Publicize an annual report; maintain a comprehensive college web-site; report regularly on college progress at Northern Labour Market Committee; maintain emphasis on regular stakeholder consultations.	Ongoing	Northlands College's annual report was published and is available on the website. Northlands College continues to report to the Northern Labour Market Committee and participates on various sub-committees.
Undertake ongoing board development including participation in provincial and ASRC board development workshops.	Ongoing	The Board Chairperson attended Governor Development and Certification Meetings. This training for Board Members will be offered in 2012-2013
In June of each year, the board undertakes a self-evaluation of progress in achieving their goals and overseeing the operation of the college. CEO evaluation undertaken annually.	Ongoing	A formal board evaluation was completed in June and the board recruited of a new CEO.

2008-2009	0	0	0	0	0	0	0	\$0
2007-2008	1	1	1	0	1	0	0	\$5000

Notes: Program year is based on contract start date between July 1st and June 30th of a given year

Results include both Workbased Training for the Unemployed (WTU) and Workbased Training for the Employed (WTE) contracts.

Ministry funding includes dollars paid to employer and then reimbursed by the Ministry of Advanced Education, excluding any administration fees.

All counts of trainees are based upon unique individuals.

Human Resources

In 2011-2012 there were 9.31 FTE out-of-scope staff and 110.97 FTE in-scope staff.

We implemented our new Human Resources Management System in 2011-12. The system allows for online timesheet entry and approval, and is integrated with our payroll system. This has streamlined our process for the outlying areas. We will be working to further tailor the system to our specific needs in the next year.

Employment Equity Program

The Human Resources Department of Northlands College oversees the College's Employment Equity Plan, which is approved by the Saskatchewan Human Rights Commission, and helps to realize the application of internal policies to ensure equitable hiring practices and a healthy working and learning environment.

The Northlands College Employment Equity Program was implemented in 1995 with the primary objective of a representative workforce at the college. The program includes the following three primary goals designed to achieve the broader objective of a representative workforce.

- Maximize recruitment of individuals of Aboriginal Ancestry
- Attain a 50% workforce demographic represented by the northern population in all classifications within an 8-10 year period
- Attain a workforce that is 100% reflective of the northern demographics.

At the time of inception of the program in 1995, 28% of the college workforce consisted of staff of Aboriginal ancestry. The following tables provide an overview of recent activity and illustrate the degree of progress towards the preceding goals.

Table 9 Comparison of 2011-2012 Annual Staff Equity Statistics to 2009-2010 and 2010-2011.

Comparison of Stated Financial Objectives and Performance

The College anticipated a deficit in its 2011-2012 fiscal year in the amount of \$375,000. The intent of the planned deficit was to offer a Health Careers Access Program in Stony Rapids. Unfortunately, the College was unable to recruit an instructor for this remote location and the program did not occur. The actual activity for the College resulted in a surplus in the amount of \$223,279. The surplus is primarily derived from the general administration for the College. Staff recruitment proved difficult leaving some vacant positions for an extended period of time.

The largest variance to programs was a reduction to Skill Credit and Non-Credit programs. Northlands College relies heavily on its partnerships to collaboratively fund a variety of skills programs. One of the College's major partners did not provide the anticipated \$500,000 in skill-type programs in 2011-2012. It is expected that this partner will resume funding programs in the 2012/13 fiscal year.

The Board of Directors sets direction and monitors the performance of the College. Board and management are provided with monthly and trimester reports presenting any changes throughout the year. Meetings are held throughout the year to respond to changes as they occur.

	Original Budget	Actual	Difference
(Deficiency) of Revenues over Expenses	(\$375,000)	\$223,279	\$598,279
Operating Fund Revenue:	\$18,025,599	\$18,218,133	\$192,534
General	7,966,647	8,234,316	267,669
Skills Credit	5,027,989	4,635,354	(392,635)
Skills Non-Credit	500,446	144,255	(356,191)

Counseling Services	966,173	920,141	(46,032)

Use of Reserve Funds in College Operations

The College maintains five reserves:

- 1. **Capital Equipment Purchase Reserve** is for furniture and equipment defined as capital under the Regional Colleges' Capital Asset Policy. The balance in this reserve at June 30, 2012 is \$50,485. There were no purchases made from this reserve in 2011/12; however, \$8330.94 was allocated for the replacement of aged furniture, but not spent.
- 2. **Building Capital Reserve** exists for the potential purchase of buildings. There is currently \$300,000 in this reserve. The La Ronge student residence is in the process of being sold resulting in an uncertain future at the time for renewal of the lease in July 2014. This fund is the College's contingency plan should the College be forced into a position of financing its own student residence.
- 3. **Building/Equipment Maintenance Reserve** is for building/equipment maintenance beyond the operational repair and maintenance budgets. The College owns five major buildings: Air Ronge Administration, Air Ronge Shops, Buffalo Narrows Student Residence, Creighton Program Centre and the La Ronge Program Centre. These buildings collectively have a book value of \$1.7M demonstrating their collective age and the need for this reserve to maintain facilities.

This reserve has a balance of \$595,027 at June 30, 2012. During the year many projects, allocated for by the Board in previous years, were completed with a total cost of \$32,919 expended on:

- the creation of a classroom in the Air Ronge Shops building,
- natural gas conversion for the Air Ronge Administrative Building and Air Ronge Shops Building,
- insulating the perimeter of the foundation for the Creighton Program Centre,
- and the completion of ventilation and renovations to the welding shop in the Creighton Program Centre.
- 4. **Information Technology Reserve** is for the purchase of computer equipment as defined under the Regional Colleges' Capital Asset Policy. This reserve is designed for the cyclical replacement of capital computer equipment (student computer labs, administration network peripherals and computers). This year the Board approved an allocation of \$12,485 for a Board/CEO Technological upgrade and \$30,000 for the completion of our Human Resources Management System. The balance in this reserve at June 30, 2012 is \$321,951.
- 5. **Training and Education Reserve** provides funds for programming activity where other program funds are not available or where there is a great demand for a particular type of programming. The current balance in this reserve is \$700,884. In 2011/12 total expenditures were \$87,743. The programming areas this reserve funded, some of which was allocated for in previous years, were:
 - a donation in the amount of \$5,000 to the Northern Administration Student's Association for their second annual conference. The conference is intended to bring Northern Saskatchewan high school students to Saskatoon and show them the opportunities that await them at the post-secondary level.
 - \$50,000 for a Heavy Equipment Operator program in Beauval;
 - \$9,715 for a Workplace Essential Skills Literacy Program at the Cigar Lake mine site;
 - And \$23,028 for the cost of an additional IT Assistant needed in the Western Region.

The Board allocated \$375,000 of this reserve (in 2010/11) to run a Health Careers Access Program in Stony Rapids, this was not spent.

Northlands College

Financial Statements

Year ended June 30, 2012

Independent Auditors' Report

To the Board of Directors of Northlands College:

We have audited the accompanying financial statements of Northlands College, which comprise the statement of financial position as at June 30, 2012, and the statements of operations, changes in net assets, cash flows and supporting schedules for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian generally accepted accounting principles, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained in our audit is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of Northlands College as at June 30, 2012, and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

Other Matters

The financial statements as at and for the year ended June 30, 2011 were audited by other auditors, who expressed an opinion without reservation on these financial statements in their report dated September 15, 2011.

1. Purpose and Authority

Northlands College (the "College") offers educational services and programs under the authority of Section 14 of The Regional College Act. The College Board plays an integral part in strategic direction and management guidance.

The purpose of the College is to provide credit and non-credit classroom and vocational training to meet the needs of regional constituents and industry. Northlands College is exempt from the payment of income tax.

2. Future Accounting Policies

Not-for-Profit Organizations

In September 2010, the Public Sector Accounting Board approved an amendment to the introduction to the Public Sector Accounting Handbook. The Ministry of Advanced Education requires that financial statements for the year ended June 30, 2013 be reported according to Public Sector Accounting Standards. The College has not yet determined the impact of the adoption of Public Sector Accounting Standards on its financial statements.

3. Significant Accounting Policies

Pursuant to standards established by the Public Sector Accounting Board, the College is classified as a government not-for-profit organization. These financial statements have been prepared in accordance with Canadian generally accepted accounting principles applicable to not-for-profit entities and include the following significant policies:

a) Fund Accounting

The accounts of the College are maintained in accordance with the principles of fund accounting. For accounting and reporting purposes, resources are classified in funds in accordance with specified activities or objectives:

(i) Operating Fund

The operating fund accounts for the College's program delivery, services and administrative activities. The Board of Directors has set aside some of these operating funds for specific purposes as shown in internally restricted funds, and are not available for other purposes without the approval of the Board of Directors.

(ii) Capital Fund

The capital fund reflects the net book value of all capital assets of the College less long-term debt incurred to finance the purchase of capital assets. The capital fund also includes contributions, interest and donations designated for capital purposes by the contributor.

b) Revenue Recognition

The College follows the restricted fund method of accounting for contributions. Restricted contributions related to the general operations are recognized as revenue of the operating fund in the year that the related expenses are incurred. Contributions restricted for capital assets are recognized as revenue of the capital fund when received or receivable.

c) Capital Assets

Purchased capital assets are recorded at cost. Contributed capital assets are recorded at fair value at the date of contribution. Capital assets costing under the asset threshold are expensed in the current year. Capital assets are amortized on a straight-line basis over their estimated useful lives as follows and amortization is reported as an expense in the capital fund:

Buildings	20 years
Furniture and Equipment	Three to Ten Years
Leasehold Improvements	Terms of Lease or Useful Life
Vehicles	Five Years
Other Assets	Ten Years

d) Cash

Cash is represented by cash on hand and balances with banks.

e) Inventory

Inventory is valued at the lower of the cost and net realizable value. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and selling costs.

f) Use of Estimates

These statements are prepared in accordance with Canadian generally accepted accounting principles. These principles require management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenue and expenses during the period. Actual results could differ from those estimates. Differences are reflected in current operations when identified.

g) Financial Instruments

The college has elected to apply Section 3861, Financial Instruments – Disclosure and Presentation in place of Section 3862, Financial Instruments – Disclosures and Section 3863, Financial Instruments – Presentation.

Financial assets and financial liabilities are initially recognized at fair value and their subsequent measurement is dependent on their classification as described below.

Their classification depends on the purpose, for which the financial instruments were acquired or issued, their characteristics and the College's designation of such instruments. Settlement date accounting is being used.

(i) Classification

Cash
Accounts Receivable
Accrued Salaries and Benefits
Accounts Payable and Accrued Liabilities

Held-for-trading
Loans and Receivables
Other Liabilities
Other Liabilities

(ii) Held for Trading

Held for trading financial assets are financial assets typically acquired for resale prior to maturity or that are designated as held for trading. They are measured at fair value at the statement of financial position date. Fair value fluctuations including interest earned, interest accrued, gains and losses realized on disposal and unrealized gains and losses are included in income on the statement of operations.

(iii) Loans and Receivables

Loans and receivables are accounted for at amortized cost using the effective interest method.

(iv) Other Liabilities

Other liabilities are recorded at amortized cost using the effective interest method and include all financial liabilities, other than derivative instruments.

(v) Transaction Costs

Transaction costs for all financial instruments are expensed as incurred.

(vi) Effective Interest Method

The College uses the effective interest method to recognize interest income or expense which includes premiums or discounts earned or incurred for financial instruments.

4. Accounts Receivable

Accounts receivable are composed of the following:

	2012	2011
	\$	\$
Ministry of Advanced Education	27,208	29,276
Federal Government	190,280	39,957
Other	1,138,110	1,137,304
	1,356,110	1,137,304

5. Capital Assets

	Cost \$	Accumulated Amortization \$	2012 Net Book Value \$	2011 Net Book Value \$
Land	42,859	-	42,859	42,859
Buildings	6,011,184	4,281,277	1,729,907	1,941,956
Furniture and Equipment	1,168,582	1,099,179	69,403	163,822
Leasehold Improvements	291,613	246,682	44,931	55,993
Other Assets	2,278,061	1,071,025	1,207,036	1,292,422
Vehicles	50,213	20,085	30,128	40,170
- -	\$9,842,512	\$6,718,248	\$3,124,264	\$3,537,222

6. Accounts Payable and Accrued Liabilities

Accounts payable and accrued liabilities are composed of the following:

	2012 \$	2011 \$
Provincial Government	160,519	291,233
Federal Government	17,389	2,730
Other	1,901,016	1,123,500
	2,078,924	1,417,463

7. Unearned Revenue

Unearned revenue consists of transfers received to carry out specific activities in excess of the expenses incurred on those activities at the end of the fiscal year as follows:

	2012	2011
_	\$	\$
Ministry of Advanced Education	1,927,809	2,276,164
Federal Government Grant	-	-
Other	180,516	276,847
-	2,108,325	2,553,011
8. Long-Term Debt		
	2012 \$	2011 \$
Royal Bank of Canada, interest rate fixed at 5.589% per annum, monthly repayment terms of \$5,718 for 10 years, maturing February 25, 2014. Less:	348,247	396,001
Current Portion	(50,421)	(47,569)
_	\$297,826	\$440,981

The principal repayment schedule to the end of maturity on long-term debt is as follows:

2013	2014
50,421	297,820

9. Restrictions on Net Assets

The Board of Directors of Northlands College placed internal restrictions on \$1,968,320 (2011 - \$1,845,176) of unrestricted net assets to be used for various purposes as indicated on Statement 3.

External restrictions have not been placed on assets used by Northlands College.

10. Budget Amounts

The budget amounts of these financial statements were prepared by College Management and approved by the Board on May 19, 2011. The Minister approved the budget on July 21, 2011. The budget amounts have not been subjected to audit.

11. Related Party Transactions

These financial statements include transactions with related parties. The College is related to all Saskatchewan Crown Agencies such as departments, corporations, boards and commissions under the common control of the Government of Saskatchewan. Also, the College is related to non-Crown enterprises that the Government jointly controls or significantly influences.

Related Party Transactions:

Routine operating transactions with related parties are recorded at the rated charged by those organizations and are settled on normal trade terms.

	2012 \$	2011 \$
Ministry of Government Services	623,371	463,357
SaskTel	104,057	98,356
SaskPower and SaskEnergy	141,229	175,262

University of Regina	955	1,841
University of Saskatchewan	-	288
Total Amounts Receivable/Received from Related Parties	12,548,627	13,064,733

The College receives long distance telephone service between major centres from SaskTel, a related party, at reduced rates available to government agencies.

The College brokers course programs (based on negotiated rates) from Saskatchewan Institute of Applied Science and Technology (SIAST).

Other transactions with related parties are disclosed elsewhere in these financial statements and related notes.

12. Financial Instruments

The College's significant financial instruments consist of cash, accounts receivable, accrued salaries and benefits, accounts payable and accrued liabilities, and long-term debt.

- a) The carrying amount of cash, accounts receivable, accrued salaries and benefits, accounts payable and accrued liabilities approximate fair value due to the short-term maturity of these instruments. There are no significant terms or conditions related to these financial instruments that may affect the amount, timing or certainty of future cash flows. Based on borrowing rates currently available to the College for loans with similar terms and conditions, the carrying value of its long-term debt approximates fair value.
- b) The College is exposed to credit risk from the potential non-payment of accounts receivable. The majority of the College's receivable is from the federal government and form a large number of smaller customers; therefore, credit risk is minimal.

13. Employee Future Benefits

Employees of the College participate in one of three pension plans. Teachers and other employees holding a teaching certificate participate in a defined benefit plan, either the Teachers' Superannuation Plan (TSP) which is administered by the Teachers' Superannuation Commission or the Saskatchewan Teachers' Retirement Plan (STRP) which is administered by the Saskatchewan Teachers' Federation. The College has no financial obligation to TSP or STRP for the current service. No matching contribution is made by the College. The General Revenue Fund is responsible for the financial obligations of the TSP. All other employees participate through the Municipal Employees Pension Plan (MEPP), which is a multi-employer defined benefit plan. The College's financial obligation to MEPP is limited to making required payments to match amounts contributed by employees for current services. Pension expense for the year amounted to \$397,934 (2001 - \$368,547).

14. Contingent Liabilities

A union representing employees of an employer unrelated to the College has applied by Notice of Motion for an order quashing purported decisions of the Municipal Employees Pension Plan relating to the application of actuarial surplus in the fund, as well as other relief. Several participating employers, including the College have been named. It is not possible to estimate the potential effect of the claim at this stage of the proceedings.

15. Lease Agreements

The College is currently leasing certain land and buildings under leases that expire at various dates to May 1, 2024. Annual rentals under the leases for each of the next five years are as follows:

2013	583,456
2014	588,961
2015	331,203
2016	308,229
2017	308,229

16. Foundation

Northlands College established a wholly-owned charitable foundation called "Northlands College Scholarship Foundation Incorporated" for the purpose of advancing education by recognizing student scholastic achievement through the provision of scholarships. The Foundation recorded a surplus of \$6,245 in 2012 and had net assets of \$97,108 as at June 30, 2012. The Board of the Foundation is appointed by Northlands College.

17. Capital Management

The College's objectives when managing capital are to maintain sufficient fund balances to achieve the purposes of the funds and to ensure compliance with external restrictions placed on those funds.

In the management of capital, the College includes net assets and long-term debt in the definition of capital. As at June 30, 2012 the College has \$5,465,943 (\$5,760,177 in 2011) in capital.

Capital management objectives, policies and procedures are unchanged since proceeding year.
